A

Abdominal fluid
Endoscopic ultrasound and EUS-guided fine-needle aspiration of abdominal fluid *175 (A)*
Abdominal malignancy
Diagnostic laparoscopy *189 (or)*
Abdominal trauma
Diagnostic laparoscopy *189 (or)*
Abrasive cytology
Abrasive cytology for isolating mucosal pathogens during routine endoscopy: GIUM method *77 (S)*
Abscess; endoscopic ultrasonography
Indications for endoscopic ultrasonography in colorectal lesions *79 (A)*
Abscess; gastric wall
Gastric wall abscess, a rare endosonographic differential diagnosis of intramural tumors: Successful endoscopic treatment *432 (cas)*
Abscess; retrogastric
Endoscopic management of a retrogastric abscess complicating laparoscopic appendectomy *69 (S)*
Achalasia
DDW Report New Orleans May 1998: An overview on the endoscopic abstracts *805 (rep)*
The diagnostic value of transendoscopic miniature ultrasonic probe for esophageal diseases *28 (A)*
Removable self-expanding metal stents: A pilot study for treatment of achalasia of the esophagus *95 (S)*
Achalasia; endosonographic evaluation
Endosonographic evaluation of the patient with achalasia *48 (A)*
Achalasie
Echoendoscopie dans l'achalasie, aspects échographiques et intérêt diagnostique *30 (S/ab)*
Acute biliary pancreatitis
The role of ERCP and sphincterotomy in acute biliary pancreatitis *253 (A)*
Acute pancreatitis
Gastrointesinal bleeding due to acute pancreatitis *87 (S)*
Adenocarcinoma; colon
Indications for endoscopic ultrasonography in colorectal lesions *79 (A)*
Adenocarcinoma; gastric
Malignancy is the most common cause of gastric outlet obstruction even in a developing country *484 (shC)*
Adenocarcinoma; esophagus
European Society of Gastrointestinal Endoscopy (E.S.G.E.). The E.S.G.E. Pan-European campaign on the prevention and management of colorectal cancer and reflux disease *627 (spec)*
Adenocarcinoma; pancreas
Endoscopic ultrasonography diagnosis of pancreatic cystic disease *108 (A)*
Adenocarcinoma; rectum
Indications for endoscopic ultrasonography in colorectal lesions *79 (A)*
Adenocarcinoma; small bowel
Small-bowel endoscopy *133 (or)*
Adenoma of appendix
Preoperative colonoscopic diagnosis of minute appendicular adenoma: Report of a case *64 (S)*
Adenoma of the colon
Adenomas of the colon: Overexpression of p53 protein and risk factors *623 (shC)*
Adenoma of papilla
The contribution of endoscopy and biopsy to the diagnosis of periampullary tumors *538 (or)*
Adénomes ampullaires
Résultats a long terme du traitement endoscopique des adénomes ampullaires *25 (S/ab)*
Adénomes colorectaux
Traitement des adénomes colorectaux par mucoséctomie endoscopique *27 (S/ab)*
Adénomes duodénaux
Adenomes duodénaux de la polypose adénomateuse familiale: Facteurs pouvant guider la fréquence de la surveillance endoscopique *26 (S/ab)*
Adenomyomatosis
Endoscopic ultrasonography diagnosis of gallbladder lesions *124 (A)*
Adnexectomy
Ovary sealing colonoscopic perforation *105 (S)*
AIDS
AIDS and the gastrointestinal tract *222 (or)*
Alcohol abuse
Iodine staining for early endoscopic detection of esophageal cancer in alcoholics *253 (or)*
Alcoholic beverages; action of gastric mucosa
Action of pure ethanol and some alcoholic beverages on the gastric mucosa in healthy humans: A descriptive endoscopic study *293 (or)*
Alfentanil
Patient-controlled sedation and analgesia, using propofol and alfentanil, during colonoscopy: A prospective randomized controlled trial *768 (or)*
Patient-controlled sedation with propofol and alfentanil during colonoscopy: A pilot study *482 (shC)*
American Endosonography Club
EUS training in the USA *19 (A)*
American Society for Gastrointestinal Endoscopy
EUS training in the USA *19 (A)*
5-Aminolaevulinic acid
Detection of dysplastic lesions by fluorescence in a model of colitis in rats after previous photosensitization with 5-aminolaevulinic acid *333 (or)*
Ampulla cannulation
A novel approach for cannulation to the ampulla within the diverticulum: Double-catheter method *103 (S)*
Ampullary carcinoma
The contribution of endoscopy and biopsy to the diagnosis of periampullary tumors *538 (or)*
Ampullary carcinoma; endoscopic ultrasonography
Staging of ampullary carcinoma by endoscopic ultrasonography *128 (A)*
Ampullopancreatic carcinoma; TNM staging criteria
The new TNM classification in gastroenterology (1997) *643 (guid)*
Anal disease
Endoscopic ultrasonography *198 (or)*
Anal fissure
Internal hemorrhoids coexisting with chronic anal fissure: New nonsurgical modalities *96 (S)*
Anal melanoma
Primary anal melanoma associated with melanosis of the upper gastrointestinal tract *662 (cas)*
Anal sphincter disease; endoscopic ultrasonography
Indications for endoscopic ultrasonography in colorectal lesions *79 (A)*
Analgesia; patient-controlled
Patient-controlled sedation and analgesia, using propofol and alfentanil, during colonoscopy: A prospective randomized controlled trial *768 (or)*
Anastomotic bleeding
Severe anastomotic bleeding without a mucosal defect after partial gastrectomy *579 (lett)*
Anastomotic dehiscence
Cylinder implantation – a new method for endoscopic treatment of anastomotic dehiscence *102 (S)*
Anastomotic leakage; endoscopic clipping
Endoscopic clipping of anastomotic leakages in esophagogastric surgery *453 (or)*
Anesthesia
Preparation, premedication and surveillance *53 (or)*
Angiodysplasia of the colon; sclerotherapy
Ethanolamine injection for sclerotherapy of angiodysplasia of the colon *564 (shC)*

Animal model
A swine model for teaching endoscopic ultrasound (EUS) imaging and intervention under EUS guidance *605 (or)*
Ankylosis of temporomandibular joint
A mouthguard for endoscopic examination of patients with oral submucous fibrosis and ankylosis of the temporomandibular joint *37 (S)*
Antibiotic prophylaxis in gastrointestinal endoscopy
Guidelines of the European Society of gastrointestinal endoscopy (E.S.G.E.) antibiotic prophylaxis for gastrointestinal endoscopy *318 (guid)*
Guidelines of the French Society of Digestive Endoscopy (SFED): Antibiotic prophylaxis in Digestive Endoscopy *872 (guid)*
Antibiotics
Microbiological examinations and in-vitro testing of different antibiotics in therapeutic endoscopy of the biliary system *708 (or)*
Antireflux procedure
Does laparoscopic cardiomyotomy require an antireflux procedure? *8 (or)*
Antireflux surgery
Reflux disease and Barrett's esophagus *61 (or)*
Appendectomy; laparoscopic
Endoscopic management of a retrogastric abscess complicating laparoscopic appendectomy *69 (S)*
Appendicular adenoma
Preoperative colonoscopic diagnosis of minute appendicular adenoma: Report on a case *64 (S)*
Appendix adenoma
Preoperative colonoscopic diagnosis of minute appendicular adenoma: Report on a case *64 (S)*
Appendix intussusception
A clear diagnosis of intussusception of the appendix *86 (S)*
Argon plasma coagulation
Inflammatory polyps: An unreported side effect of argon plasma coagulation *93 (S)*
Massive pneumoperitoneum after endoscopic argon plasma coagulation *44 (S)*
Arteriovenous malformation
Small-bowel endoscopy *133 (or)*
Arteriovenous malformation; sigmoid colon
Type 2 arteriovenous malformation of the sigmoid colon with unusual angiographic and characteristic histologic appearances *75 (S)*
Arthroscope
Removal of a submucosal migrated percutaneous endoscopic gastrostomy with arthroscopic support *61 (S)*
Ascariasis
Comment on article by Misra et al. *504 (lett)*
Ascariasis lumbricoides; gastric
A rare case of gastric Ascariasis lumbricoides diagnosed during upper gastrointestinal endoscopy *51 (S)*
Ascaris lumbricoides
Ascaris pancreatitis: Early diagnosis by ultrasonography and endoscopic treatment *316 (lett)*
Ascaris lumbricoides; removal from the bile duct
Removal of ascaris lumbricoides from the bile duct using balloon sphincteroplasty *6 (S)*
Ascaris pancreatitis
Ascaris pancreatitis: Early diagnosis by ultrasonography and endoscopic treatment *316 (lett)*
Ascending colon; stenosis
Stenosis of the intestinal wall extending from the end of the ileum to the cecum and the ascending colon *48 (S)*
Aspiration sclerotherapy
Aspiration sclerotherapy: A simple endoscopic modification for sclerotherapy of esophageal varices *57 (S)*
Autofluorescence
Fluorescence endoscopy of gastrointestinal diseases: Basic principles, techniques, and clinical experience *379 (rev)*
The value of fluorescence techniques in gastrointestinal endoscopy – better than the endoscopist's eye? II: The North American experience *419 (ed)*
Azygos blood flow; color Doppler EUS
The use of color Doppler EUS in gastrointestinal diseases *149 (A)*

B

Balloon dilatation; ileal stricture
Endoscopic balloon dilation of ileal stricture due to tuberculosis *44 (S)*
Balloon sphincteroplasty
Removal of ascaris lumbricoides from the bile duct using balloon sphincteroplasty *6 (S)*
Balloon technique; determination of intravariceal pressure
Noninvasive endoscopic determination of intravariceal pressure in patients with portal hypertension: Clinical experience with a new balloon technique *326 (or)*
Barium esophagogram
Endoscopic placement of indigenous plastic esophageal endoprostheses – does it still have a role in the era of expandable metallic stents? A prospective Indian study in 265 consecutive patients *532 (or)*
Barrett's esophagus
DDW Report New Orleans May 1998: An overview on the endoscopic abstracts *805 (rep)*
European Society of Gastrointestinal Endoscopy (E.S.G.E.). The E.S.G.E. Pan-European campaign on the prevention and management of colorectal cancer and reflux disease *627 (spec)*
Reflux disease and Barrett's esophagus *61 (or)*
Barrett's esophagus; endoscopic treatment
Clinical photodynamic therapy: Where is it heading? *408 (ed)*
Barrett's esophagus; endosonography
The role of endosonography in Barrett's esophagus *52 (A)*
Barrett's esophagus; ulcers
Discrete ulcers in Barrett's esophagus: Relationship to acute gastrointestinal bleeding *367 (or)*
Bay leaf in the stomach
Dried bay leaf: An unusual cause of upper gastrointestinal tract hemorrhage *40 (S)*
Behçet's syndrome; esophageal involvement
A case of Behçet's syndrome with esophageal involvement treated with salicylazosulfapyridine and prednisolone *52 (S)*
Benzodiazepine
Preparation, premedication and surveillance *53 (or)*
Benzodiazepine antagonists
Preparation, premedication and surveillance *53 (or)*
Bezoar
Electrohydraulic lithotripsy treatment for persimmon bezoars *60 (S)*
Endoscopic management of huge bezoars *371 (shC)*
Bezotriptor
Endoscopic management of huge bezoars *371 (shC)*
Bile acid treatment
The role of therapeutic endoscopy associated with extracorporeal shock-wave lithotripsy and bile acid treatment in the management of Caroli's disease *559 (shC)*
Bile duct; depth of tumor invasion
Ultrasound probes for biliary lesions *120 (A)*
Bile duct; removal of ascaris lumbricoides
Removal of ascaris lumbricoides from the bile duct using balloon sphincteroplasty *6 (S)*
Bile duct anomaly; congenital
Biliary opening anomalies: Ectopic drainage of pancreaticobiliary ducts *4 (S)*
Bile duct carcinoma
Endoscopic metallic stenting and intraductal ultrasonography in a case of bile duct cancer *97 (S)*
Bile duct carcinoma; endoscopic ultrasonography
Staging of bile duct carcinoma by EUS and IDUS *132 (A)*
Bile duct carcinoma; intramural extension
Limitations of percutaneous transhepatic cholangioscopy for the diagnosis of the intramural extension of bile duct carcinoma *281 (or)*
Bile duct carcinoma; staging
Staging of bile duct carcinoma by EUS and IDUS *132 (A)*
Bile duct stricture
Metal stents for benign and malignant bile duct strictures *247 (A)*

Bile microcrystals
The role of sphincter of Oddi manometry and biliary microscopy in evaluating idiopathic recurrent pancreatitis *237 (A)*
Biliary anastomosis stricture after liver transplantation
Long-term efficacy of endoscopic stenting in patients with stricture of the biliary anastomosis after orthotopic liver transplantation *360 (or)*
Biliary cancer
Feasibility of stent placement above the sphincter of Oddi (-"inside-stent") for patients with malignant biliary obstruction *687 (or)*
Biliary carcinoma; TNM staging criteria
The new TNM classification in gastroenterology (1997) *643 (guid)*
Biliary drainage
The development of biliary drainage and stenting *202 (A)*
Biliary dyskinesia
Clinical impact of sphincter of Oddi dyskinesia *231 (A)*
Biliary endoscopy; therapeutic
Therapeutic biliary endoscopy *163 (or)*
Biliary fistula
Isolated gallbladder tuberculosis with postoperative biliary fistula *73 (S)*
Which stents do we need? The case for plastic stents *242 (A)*
Biliary lesion
Endoscopic ultrasonography diagnosis of gallbladder lesions *124 (A)*
Staging of ampullary carcinoma by endoscopic ultrasonography *128 (A)*
Staging of bile duct carcinoma by EUS and IDUS *132 (A)*
Biliary lesion; endoscopic ultrasonography
Role of endoscopic ultrasound in the diagnosis of cholestasis *116 (A)*
Biliary lesion; ultrasound probe
Ultrasound probes for biliary lesions *120 (A)*
Biliary metal stent
Preliminary results of a new covered biliary metal stent for malignant biliary obstruction *345 (or)*
Biliary metal stent; spontaneous rupture
Spontaneous rupture of a biliary metal stent *78 (S)*
Biliary microscopy
The role of sphincter of Oddi manometry and biliary microscopy in evaluating idiopathic recurrent pancreatitis *237 (A)*
Biliary obstruction
A prospective randomized trial of teflon versus polyethylene stents for distal malignant biliary obstruction *681 (or)*
Which stents do we need? The case for plastic stents *242 (A)*
Biliary obstruction; malignant
Preliminary results of a new covered biliary metal stent for malignant biliary obstruction *345 (or)*
Biliary opening anomaly
Biliary opening anomalies: Ectopic drainage of pancreaticobiliary ducts *4 (S)*
Biliary pancreatitis
Biliary pancreatitis needs endoscopic retrograde cholangiopancreatography with endoscopic sphincterotomy for cure *256 (A)*
The role of ERCP and sphincterotomy in acute biliary pancreatitis *253 (A)*
Biliary papillomatosis
Biliary papillomatosis: Clinical, cholangiographic and cholangioscopic findings *763 (or)*
Biliary parasites
Comment on article by Misra et al. *504 (lett)*
Biliary plastic stent; breakage
Breakage of a biliary plastic stent – a potential risk of sideholes *72 (S)*
Biliary sphincterotomy
Routine biliary sphincterotomy may not be indispensable for endoscopic pancreatic sphincterotomy *697 (or)*
Biliary stent
Biliary stenting with a prototype expandable teflon endoprosthesis *718 (shC)*
The perfect biliary stent: The search goes on *727 (ed)*
Biliary stenting
The development of biliary drainage and stenting *202 (A)*
Biliary system; therapeutic endoscopy
Microbiological examinations and in-vitro testing of different antibiotics in therapeutic endoscopy of the biliary system *708 (or)*
Biliary tract; minimally invasive surgery
Minimally invasive surgery *244 (or)*
Biliary-type pain
Clinical impact of sphincter of Oddi dyskinesia *231 (A)*
Billroth II anatomy
Is it always true that ERCP cannot be carried out in patients with Roux-en-Y gastrojejunostomy? *869 (lett)*
Billroth II anatomy; ERCP
Forward-viewing endoscope or side-viewing duodenoscope for ERCP in patients after Billroth II gastrectomy? *51 (lett)*
Reply to the letter by Mosca et al. *52 (lett)*
Biopsy
Differential diagnosis of mucin-producing tumors of the pancreas by intraductal ultrasonography and peroral pancreatoscopy *99 (A)*
Endoscopic image of minute colon metastasis of gastric carcinoma *47 (S)*
Biopsy; endosonography-guided
Endosonography-guided biopsy of mediastinal and pancreatic tumors *32 (or)*
Biopsy; EUS-guided
Value of endoscopic ultrasonography for assessment of patients presenting elevated tumor marker levels after surgery for colorectal cancers *469 (or)*
Biopsy; periampullary tumor
The contribution of endoscopy and biopsy to the diagnosis of periampullary tumors *538 (or)*
Biopsy; PTCS-guided
Limitations of percutaneous transhepatic cholangioscopy for the diagnosis of the intramural extension of bile duct carcinoma *281 (or)*
Biopsy forceps
A new bipolar snare with a needle for endoscopic mucosal resection *64 (S)*
Bipolar snar
A new bipolar snare with a needle for endoscopic mucosal resection *64 (S)*
Bladder tumor; ultrasonography; intraluminal
Intraluminal ultrasonography in urology *14 (A)*
Bleeding gastric varices; children
Treatment of bleeding gastric varices with tissue adhesive (Histoacryl) in children *39 (S)*
Bleeding peptic ulcer
The evolution of stigmata of hemorrhage in bleeding peptic ulcers: A sequential endoscopic study *513 (or)*
Fibrin sealing in peptic ulcer bleeding: The fate of the clot *519 (or)*
Bleeding peptic ulcer; color Doppler EUS
The use of color Doppler EUS in gastrointestinal diseases *245 (A)*
Bleeding rectal varices; child
Endoscopic ligation for bleeding rectal varices in a child with primary extrahepatic portal hypertension *107 (S)*
Bleeding after varices ligation
Early massive bleeding after endoscopic ligation for junctional varices *101 (S)*
Botulinum toxin
Internal hemorrhoids coexisting with chronic anal fissure: New nonsurgical modalities *96 (S)*
Botulinum toxin; endoscopic injection
Endoscopic injection of botulinum toxin for biliary sphincter of Oddi dysfunction *702 (or)*
Bouginage
Improved endoscopic stenting for malignant dysphagia using Tygon plastic prostheses *524 (or)*
Breast carcinoma
Metastatic gastric cancer arising from breast carcinoma: Endoscopic ultrasonographic aspects *800 (cas)*
Bronchial wall; endosonography
Clinical applications of endobronchial ultrasonography in lung diseases *8 (A)*
Bronchogenic adenosquamous carcinoma
Upper gastrointestinal bleeding and intestinal perforation due to multiple duodenojejunal metastases from a silent bronchogenic adenosquamous carcinoma *79 (S)*
Bucrylate injection
Pulmonary, cerebral und coronary emboli during bucrylate injecton of bleeding fundic varices *89 (S)*

C

Cancer épidermoide du canal anal
Cancer épidermoide du canal anal: Valeur pronostique de l'echographie endo-anorectale (EEAR). Resultats preliminaires d'une étude prospective multicentrique *31 (S/ab)*

Cancer mortality
Role of endoscopy in the prevention of digestive cancer: Application to colorectal cancer *628 (spec)*

Candida esophagitis
AIDS and the gastrointestinal tract *222 (or)*

Cap-fitted panendoscope
Experimental assessment of endoscopic mucosectomy with a cap-fitted panendoscope *713 (or)*

Carcinoid
Diagnosis of esophagogastric tumors *73 (or)*

Carcinoma of the head of pancreas
Malignancy is the most common cause of gastric outlet obstruction even in a developing country *484 (shC)*

Cardiac pacemaker
Endoscopic diathermy in patients with cardiac pacemakers *544 (or)*

Cardiology; ultrasonography; intraluminal
Intraluminal ultrasonography in cardiology *13 (A)*

Cardiomyotomy; laparoscopic
Does laparoscopic cardiomyotomy require an antireflux procedure? *8 (or)*

Caroli's disease
The role of therapeutic endoscopy associated with extracorporeal shock-wave lithotripsy and bile acid treatment in the management of Caroli's disease *559 (shC)*

Cascade stomach
"Cascade stomach": Laparoscopic treatment *92 (S)*

Catheter ultrasonography
Diagnosis and staging of esophageal carcinoma by endoscopic ultrasonography *33 (A)*

Catheter-type probe

A swine model for teaching endoscopic ultrasound (EUS) imaging and intervention under EUS guidance *605 (or)*
Teflon stent
Biliary stenting with a prototype expandable teflon endoprosthesis *718 (shC)*
A prospective randomized trial of teflon versus polyethylene stents for distal malignant biliary obstruction *681 (or)*
Temporomandibular joint; ankylosis
A mouthguard for endoscopic examination of patients with oral submucous fibrosis and ankylosis of the temporomandibular joint *37 (S)*
Therapeutic endoscopy
Microbiological examinations and in-vitro testing of different antibiotics in therapeutic endoscopy of the biliary system *708 (or)*
Therapeutic technique; EUS-guided
Technical advances and future developments in endoscopic ultrasonography *3 (A)*
Thoracocentesis; EUS-guided
Endoscopic ultrasound (EUS)-guided fine needle aspiration (FNA) in the USA *159 (A)*
Three-dimensional endoscopic ultrasonography
Clinical application of ultrasound 3 D imaging system in lesions of the gastrointestinal tract *145 (A)*
A trial of tissue characterization by endoscopic ultrasonography *142 (A)*
Value of three-dimensional EUS in lesions of the upper gastrointestinal tract *173 (A)*
Three-dimensional endoscopic ultrasonography; ECG-triggered
Improvement of three-dimensional EUS using ECG-triggered aquisition *174 (A)*
Three-dimensional intraductal ultrasonography
Ultrasound probes for biliary lesions *120 (A)*
TIPS
DDW Report New Orleans May 1998: An overview on the endoscopic abstracts *805 (rep)*
Treatment of esophagogastric varices: Endoscopic, radiological, and pharmacological options *105 (or)*
Tissue ablation; high intensity focused ultrasound
EUS-guided treatment with microwaves and HIFU *152 (A)*
Tissue adhesive
Treatment of bleeding gastric varices with tissue adhesive (Histoacryl) in children *39 (S)*
Tissue characterization; endoscopic ultrasonography
A trial of tissue characterization by endoscopic ultrasonography *142 (A)*
TNM classification; gastroenterology
The new TNM classification in gastroenterology (1997) *643 (guid)*
Toothbrush endoscopic removal
Endoscopic removal of a toothbrush using biopsy forceps and thread *90 (S)*
Total colonoscopy
Efficacy of total colonoscopy with a transparent cap in comparison with colonoscopy without the cap *444 (or)*
Tracheoesophageal fistula
Endoscopic placement of indigenous plastic esophageal endoprostheses – does it still have a role in the era of expandable metallic stents? A prospective Indian study in 265 consecutive patients *532 (or)*
Transendoscopic miniature ultrasonic probe
The diagnostic value of transendoscopic miniature ultrasonic probe for esophageal diseases *28 (A)*
Transilluminating percutaneous endoscopic gastrostomy
Transilluminating percutaneous endoscopic gastrostomy *656 (ed)*
Transillumination of the stomach
Failure to transilluminate the stomach is not an absolute contraindication to PEG insertion *621 (shC)*
Transilluminating percutaneous endoscopic gastrostomy *656 (ed)*
Transmucosal cricopharyngeal myotomy
The treatment of cricopharyngeal dysmotility with a transmucosal cricopharyngeal myotomy using the potassium-titanyl-phosphate (KTP) laser *46 (rev)*
Transnasal gastroscopy
Transnasal gastroscopy compared to conventional gastroscopy: A randomized study of feasibility, safety, and tolerance *448 (or)*
Transpapillary prosthesis implantation
Pancreaticopleural fistula treated by transpapillary implantation of a plastic prosthesis *741 (lett)*
Transrectal endosonography
Endosonographic diagnosis of colorectal cancer *88 (A)*
Transurethral ultrasonography
Intraluminal ultrasonography in urology *14 (A)*
Treatment; EUS-guided
EUS-guided treatment with microwaves and HIFU *152 (A)*
Trospium chloride
Inappropriate rise in heart rate caused by intravenous administration of trospium chloride during upper gastrointestinal endoscopy *580 (lett)*
Tryptophan
Fluorescence endoscopy of gastrointestinal diseases: Basic principles, techniques, and clinical experience *379 (rev)*
Tuberculosis
Endoscopic balloon dilation of ileal stricture due to tuberculosis *44 (S)*
Isolated gallbladder tuberculosis with postoperative biliary fistula *73 (S)*
Tumeurs malignes pancreatiques
Comparaison prospective de l'échoendoscopie et de l'échographie Doppler couleur dans le bilan d'extension loco-régionale des tumeurs malignes pancreatiques: Résultats préliminaires *30 (S/ab)*
Tumeurs musculaires lisses digestive
Facteurs écho-endoscopiques prédictifs de malignité des tumeurs musculaires lisses digestives *31 (S/ab)*
Tumeurs solides du pancréas
Place de la ponction sous-échoendoscopie dans le diagnostic des tumeurs solides du pancréas (TSP) *29 (S/ab)*
Tumor; intramural; differentialdiagnosis
Gastric wall abscess, a rare endosonographic differential diagnosis of intramural tumors: Successful endoscopic treatment *432 (cas)*
Tumor invasion of portal vein
Ultrasound probes for biliary lesions *120 (A)*
Tumor marker level
Value of endoscopic ultrasonography for assessment of patients presenting elevated tumor marker levels after surgery for colorectal cancers *469 (or)*
Tygon plastic stent
Improved endoscopic stenting for malignant dysphagia using Tygon plastic prostheses *524 (or)*

U

Ulcer bleeding; second-look endoscopy
Second thoughts about second-look endoscopy for ulcer bleeding? *650 (ed)*
Ulcer disease
Ulcers and gastritis *94 (or)*
Ulceration in Barret's esophagus
Discrete ulcers in Barrett's esophagus: Relationship to acute gastrointestinal bleeding *367 (or)*
Ulcerative colitis
Colonoscopic evaluation of severe hematochezia in an Oriental population *675 (or)*
Endoscopic ultrasonography in the evaluation of inflammatory bowel disease *94 (A)*
Inflammatory bowel disease *141 (or)*
Ultraslim videoscope
Endoscope technology in the future *190 (A)*
Ultrasonic esophagoprobe
EUS instruments for esophageal lesions *26 (A)*
Ultrasonography; endobronchial
Clinical applications of endobronchial ultrasonography in lung diseases *8 (A)*
Ultrasonography; endoluminal; catheter probe-assisted
Clinical implications of catheter probe-assisted endoluminal ultrasonography *169 (A)*
Ultrasonography; endoscopic
Cytomegalovirus gastritis simulating cancer of the linitis plastica type on endoscopic ultrasonography *101 (S)*
DDW-Report New Orleans May 1998: An overview on the endoscopic abstracts *805 (rep)*
Endoscopic ultrasonography *198 (or)*
The future of endoscopic retrograde cholangiopancreatography: What is necessary and what should be improved? *207 (A)*
11th international symposium on EUS *1 (A)*
Value of endoscopic ultrasonography for assessment of patients presenting elevated tumor marker levels after surgery for colorectal cancers *469 (or)*
Ultrasonography; endoscopic; abdominal fluid
Endoscopic ultrasound and EUS-guided fine-needle aspiration of abdominal fluid *175 (A)*
Ultrasonography; endoscopic; colorectal cancer
Endoscopic ultrasonography for follow-up of colorectal cancer: A new round *490 (ed)*
Ultrasonography; endoscopic; digestive disease
Endoscopic ultrasound-guided fine-needle aspiration (EUS-FNA) for the diagnosis of digestive diseases *176 (A)*
Ultrasonography; endoscopic; 3-dimensional reconstruction
Technical advances and future developments in endoscopic ultrasonography *3 (A)*
Ultrasonography; endoscopic; future developments
Technical advances and future developments in endoscopic ultrasonography *3 (A)*
Ultrasonography; endoscopic; high frequency
Technical advances and future developments in endoscopic ultrasonography *3 (A)*
Ultrasonography; endoscopic; history
History and future of endoscopic ultrasonography *2 (A)*
Ultrasonography; endoscopic; instruments
EUS instruments for esophageal lesions *26 (A)*
Ultrasonography; endoscopic; interventional
Endoscopic ultrasound (EUS)-guided fine needle aspiration (FNA) in the USA *159 (A)*
Ultrasonography; endoscopic; interventional; gastric lesion
Indications of endoscopic ultrasound in gastric lesions *53 (A)*
Ultrasonography; endoscopic; learning
Education and training in endoscopic ultrasound in Japan *22 (A)*
Ultrasonography; endoscopic; pancreas
Diagnostic endoscopic ultrasound of the pancreas may cause akute pancreatitis *7 (S)*
Ultrasonography; endoscopic; pediatric
Endoscopic ultrasonography in the evaluation of pediatric digestive diseases: Preliminary results *477 (or)*
Ultrasonography; endoscopic; preoperative
Preoperative endoscopic ultrasonography in decision making and management for pancreatic endocrine tumors: A 6-year experience *182 (A)*
Ultrasonography; endoscopic; standard scanning position
Education and training in endoscopic ultrasound in Japan *22 (A)*
Ultrasonography; endoscopic; systematization
Technical advances and future developments in endoscopic ultrasonography *3 (A)*
Ultrasonography; endoscopic; technical advances
Technical advances and future developments in endoscopic ultrasonography *3 (A)*
Ultrasonography; endoscopic; tissue characterization
A trial of tissue characterization by endoscopic ultrasonography *142 (A)*
Ultrasonography; endoscopic; training
EUS training in Europe *18 (A)*
EUS training in the USA *19 (A)*
Education and training in endoscopic ultrasound in Japan *22 (A)*
Ultrasonography; intraductal
Endoscopic metallic stenting and intraductal ultrasonography in a case of bile duct cancer *97 (S)*
Staging of ampullary carcinoma by endoscopic ultrasonography *128 (A)*
Staging of bile duct carcinoma by EUS and IDUS *132 (A)*
Ultrasound probes for biliary lesions *120 (A)*
Ultrasonography; intraductal; pancreatic tumor
Differential diagnosis of mucin-producing tumors of the pancreas by intraductal ultrasonography and peroral pancreatoscopy *99 (A)*
Ultrasonography; intraluminal
Clinical applications of endobronchial ultrasonography in lung diseases *8 (A)*
Ultrasonography; intraluminal; cardiology
Intraluminal ultrasonography in cardiology *13 (A)*
Ultrasonography; intraluminal; urology
Intraluminal ultrasonography in urology *14 (A)*
Ultrasonography; transurethral
Intraluminal ultrasonography in urology *14 (A)*
Ultrasound 3-D imaging system
Clinical application of ultrasound 3-D imaging system in lesions of the gastrointestinal tract *145 (A)*
Ultrasound endoscope GF-UMP30
EUS-guided fine neddle aspiration biopsy (FNA) – indications and hazards *163 (A)*
Ultrasound probe for biliary lesion
Ultrasound probes for biliary lesions *120 (A)*
Ultrasound transducer
Endoscopic ultrasonography *198 (or)*
Ultrasound-guided intervention
A swine model for teaching endoscopic ultrasound (EUS) imaging and intervention under EUS guidance *605 (or)*
Ultra-wide angle optical system
Endoscope technology in the future *190 (A)*
Upper gastrointestinal bleeding
Upper gastrointestinal bleeding and intestinal perforation due to multiple duodenojejunal metastases from a silent bronchogenic adenosquamous carcinoma *79 (S)*
The wirsungorrhagies: Causes and management in 14 patients *595 (or)*
Upper gastrointestinal bleeding; bay leaf in the stomach
Dried bay leaf: An unusual cause of upper gastrointestinal tract hemorrhage *40 (S)*
Upper gastrointestinal bleeding; Forrest's classification
Non-variceal upper gastrointestinal bleeding and Forrest's classification: Diagnostic agreemant between endoscopists from the same area *508 (or)*
Upper gastrointestinal endoscopic ultrasonography
Value of endoscopic ultrasonography for assessment of patients presenting elevated tumor marker levels after surgery for colorectal cancers *469 (or)*
Upper gastrointestinal endoscopy
DDW Report New Orleans May 1998: An overview on the endoscopic abstracts *805 (rep)*

Diagnosis of gastric cancer up to three years after negative upper gastrointestinal endoscopy *669 (or)*
Inappropriate rise in heart rate caused by intravenous administration of trospium chloride during upper gastrointestinal endoscopy *580 (lett)*
A rare case of gastric Ascariasis lumbricoides diagnosed during upper gastrointestinal endoscopy *51 (S)*
Upper gastrointestinal endoscopy, outpatient
A prospective randomized controlled trial of sedation vs. no sedation in outpatient diagnostic upper gastrointestinal endoscopy *21 (or)*
Upper gastrointestinal nonvariceal bleeding
Upper gastrointestinal nonvariceal bleeding: A review covering the years 1996-97 *114 (or)*
Upper gastrointestinal submucosal tumor
Preliminary results of fine needle aspiration biopsy histology in upper gastrointestinal submucosal tumors *750 (or)*
Upper gastrointestinal tract; three-dimensional EUS
Value of three-dimensional EUS in lesions of the upper gastrointestinal tract *173 (A)*
Upper gastrointestinal tumor
Endoscopic treatment of esophagogastric tumors *80 (or)*
Upper urinary tract; ultrasonography; intraluminal
Intraluminal ultrasonography in urology *14 (A)*
Urinary bladder pressure
Is urinary bladder pressure a sensitive indicator of intra-abdominal pressure? *778 (shC)*
Urology; ultrasonography; intraluminal
Intraluminal ultrasonography in urology *14 (A)*

V

Variceal bleeding
DDW Report New Orleans May 1998: An overview on the endoscopic abstracts *805 (rep)*
Duodenal variceal bleeding treated with a combination of endoscopic ligation and sclerotherapy *62 (S)*
Pulmonary, cerebral und coronary emboli during bucrylate injecton of bleeding fundic varices *89 (S)*
Variceal bleeding; color Doppler EUS
The use of color Doppler EUS in gastrointestinal diseases *149 (A)*
Variceal ligation
Duodenal variceal bleeding treated with a combination of endoscopic ligation and sclerotherapy *62 (S)*
Variceal ligation; endoscopic
Treatment of esophagogastric varices: Endoscopic, radiological, and pharmacological options *105 (or)*
Variceal upper gastrointestinal hemorrhage
Endoscopic ligation for non-esophageal variceal upper gastrointestinal hemorrhage *774 (shC)*
Varicealography; endoscopic
EUS monitoring of EIS *51 (A)*
Varicella virus infection; gastrointestinal involvement
Gastrointestinal involvement in infections caused by varicella virus *9 (S)*
Vascular disease; large gastric folds
Endoscopic ultrasonography in large gastric folds *72 (A)*
Video echoendoscope
A means of increasing the use of endoscopic ultrasonography: A newly developed thin video echoendoscope *139 (A)*
Video echoendoscope; clinical evaluation
Clinical evaluation of a new video echo endoscope *138 (A)*
Video echoendoscopy
Video echoendoscopy in the United States *135 (A)*
Video enteroscopy
Enteroscopy *641 (guid)*
Virtual colonoscopy
DDW-Report New Orleans May 1998: An overview on the endoscopic abstracts *805 (rep)*
Virus de l'hépatite C
Evaluation d'une procédure manuelle de désinfection des canaux des endoscopes digestifs expérimentalement contaminés par le virus de l'hépatite C (VHC) *34 (S/ab)*
Visible vessel
Perception and interpretation: The problem of the visible vessel *570 (ed)*
